

SKYSCAPES® GENERAL AVIATION BASECOAT

NEW HIGH GLOSS FINISH
DELIVERS MAXIMUM
APPEARANCE AND
PRODUCTIVITY

Ideal for exterior painting on general aviation and helicopters, Sherwin-Williams Aerospace Coatings presents the SKYscapes® General Aviation (GA) Basecoat 855 Series – SG, SGE, SGM and SGP Colors. It is designed to deliver the maximum in appearance and productivity by delivering a consistent and colorful solid, mica or metallic finish.

SKYscapes GA Basecoat features fast dry times (approximately 60 – 90 minutes DTT) that lead to improved productivity, an easy mixing ratio and excellent flow and leveling. After clearcoat, it provides a high gloss finish that can be easily cleaned, buffed and repaired.

SKYSCAPES® GENERAL AVIATION SYSTEM

SHERWIN-WILLIAMS SKYSCAPES GENERAL AVIATION: MAXIMUM APPEARANCE AND PRODUCTIVITY

Sleek and clean aircraft with SKYscapes polyester urethane basecoat-clearcoat aerospace coatings from Sherwin-Williams send a message of quality and durability.

Aircraft owners demand on-time delivery and the SKYscapes basecoat-clearcoat system can reduce paint-process time to help meet customer demand for aircraft turnaround. That's because the Skyscapes system cures at ambient temperature in half the time of other single-stage systems.

BASECOAT ADVANTAGES:

- Quick drying; Allows for multiple color livery applications per day
- Perfect for small general aviation aircraft and helicopters requiring expedited production times
- Available in a solid, mica or metallic finish
- One double track coat application for most colors
- No baking required; dries quickly at ambient temperatures
- Apply additional colors without mechanically sanding
- Excellent opacity at low film thickness
- Excellent flow and leveling
- Long pot life
- Easy to keep clean and maintain

CLEARCOAT OPTIONS

SKYscapes features a choice of innovative aircraft grade polyester urethane clearcoats designed to be used over SKYscapes basecoats on exterior surfaces of general aviation aircraft. CM0850CC1 offers fast dry-to-tape time to increase productivity while CM0855CC3 can be sped up or slowed down to provide the correct clearcoat application on a complete variety of aircraft applications and sizes. Both offer excellent buffing characteristics for an ideal, final gloss finish.

SKYscapes CM0850CC1 clearcoat can be used over SKYscapes GA basecoat opaque and effect colors that are applied as stripes over Sherwin-Williams Jet Glo® or Jet Glo Express™ polyester urethane topcoats on business jets.
