Tufcote™ Hydro LV HG

7900 Waterborne Acrylic Economy Products

Tufcote™ Hydro LV HG series acrylic products for the economy industrial market.

Tufcote Hydro LV HG is a high gloss, waterborne quick-dry enamel based on a high-quality acrylic resin with excellent adhesion properties to a wide variety of substrates, including, but not limited to, steel, plastic and wood. This economy industrial coating dries to a smooth, hard, and glossy finish. Tufcote Hydro LV HG topcoats are an industrial maintenance coating formulated at 0.8 lbs/gal (100 g/l) volatile organic compound (VOC) to meet the requirements of SCAQMD Rule 1113 for the category of Industrial Maintenance Coatings. It is available in assorted high gloss colors and satin black.
